Welcome to the
**8th International conference of Ph.D. students of Experimental
Plant Biology**

KEBR 2010 | **8.** Konference
doktorandů
experimentální
biologie rostlin
Praha, 13.-14.9.2010

„Fresh Insights in Plant Affairs“

**Conference not only for young scientists – for anyone who is eager to get
fresh insight, remains young in their mind and wants to find new
prospective collaborators for their own research**

- **Come to meet coming generation of experimental plant biologists and to
make new professional contacts.**
- **Come to find new collaborators for a project or to a team**
- Opportunity to prepare for defense of your Ph.D. Thesis, to try presentation in English at international
conference, yet in friendly environment!

Venue: 13–14th September 2010 (till 12h), in campus of the Czech Agricultural
University in Prague, Suchbát. Registration in Czech on <http://www.vurv.cz/kebr/>, or
contact organizers brhanka@email.cz

Language of the conference: English

**Conference fee in only 1,000 CZK including night sail on a steamboat on Vltava
river! You are welcome!**
